

Rotifers feeding and green water technique

FEATURES

Algae Paste is a high quality *Chlorella* paste, developed specially for rotifer feed and green water technique. The product contains pure *Chlorella* cells (*Chlorella* sp.). These algae are known to have a very high content of active enzymes, vitamins and minerals, all concentrated in a size of 2 – 8 µm diameter. Product produced in the EU that improves logistics and freshness of the algae.

BENEFITS

- **Production and freshness:** *Chlorella* sp. cells are produced on-demand, and delivered within 3 to 5 days post-production, ensuring top freshness.
- **Concentration:** Algae Paste is a pure highly concentrated (minimum 17.5 ± 2% dry weight) *Chlorella* sp. cells product, thanks to its high technological cultivation / centrifugation process.
- **Logistics:** Thanks to the EU-located manufacturing site, heavy bureaucratic customs' processes for logistics and transportation are not required.

COMPOSITION

| Nutrient (per 100g of dry matter) | Unit | Value | Nutrient (per 100g of dry matter) | Unit | Value |
|-----------------------------------|------|-------|-----------------------------------|------|-------|
| Protein | % | 45.0 | Vitamin B Caroten | mg | 4.0 |
| Lipids | % | 12.0 | Vitamin B3 | mg | 2.0 |
| Carbohydrates | % | 32.0 | Vitamin E | mg | 4.0 |
| Minerals | % | 6.0 | w3 | % | 31.0 |
| PUFAs | % | 5.0 | | | |

INGREDIENTS

100% *Chlorella* sp.

INSTRUCTION OF USE

Please use within 45 days of production date. Product based on natural ingredients. Variation in color is possible but does not affect the performance.

**Adjust feed amounts according to local conditions. For more information, contact your local ADM Aquaculture expert.*

PACKAGING

Jerrycans of 20.0 L; Cubitainer (Styrofoam box) of 20.0 kg.

STORAGE CONDITIONS

Store in cooled place between 2 °C to 6 °C without freezing the product.

Shelf life: 45 days.

ADM IS YOUR GLOBAL LEADER IN ANIMAL NUTRITION

We are dedicated to enabling sustainable growth. Growth that benefits our customers, the world's population and this planet on which we live. We are One ADM Team working across a unique vertically integrated portfolio, providing exceptional levels of customer service and experience as we work together to address the three main challenges that our customers face: health through nutrition, performance & quality, and sustainability.
