

Royal Oyster

Supplementary feed for shrimp

FEATURES

Royal Oyster is a high quality supplementary maturation feed for shrimp breeders. This maturation diet is a supplement to fresh feeds normally used in shrimp maturation such as squid, artemia biomass or polychaetes.

Royal Oyster improves the condition of females and speeds up their recovery after each spawn.

BENEFITS

- Preventing denaturation of essential nutrients.
- Homogeneous particle size facilitating apprehension by shrimp.
- Low leaching preserving water quality in the nursery tanks.
- Improving nauplii quality and pigmentation.
- Cold-micro-extruded product.
- Marumerized product.

COMPOSITION

Nutrient	Unit	Value	Nutrient	Unit	Value
Moisture	%	8.0	Vitamin A	IU/kg	105000
Crude Protein	%	50.0	Vitamin C	ppm	8400
Crude Fat	%	15.0	Vitamin D3	IU/kg	20000
Ash	%	13.0	Vitamin E	ppm	1850
Crude Fiber	%	2.0	n-3 HUFA	mg/g	35.0
Calcium	%	1.75	DHA	mg/g	15.0
Sodium	%	0.8	EPA	mg/g	20.0
Phosphorous	%	1.0			

INGREDIENTS

Fish meal, squid meal, micro-algae, yeast autolysate, fish gelatin, soy lecithin, corn gluten.

INSTRUCTIONS OF USE

Available feed size of 3 mm. Feed 10 % of the normal daily total feed. Weight the feed according to the dosage and spread all over the tank.

Product based on natural ingredients. Variation in color is possible but does not affect the performance.

**Adjust feed amounts according to local conditions. For more information, contact your local ADM Aquaculture expert.*

PACKAGING

Buckets of 5.0 kg; Bags of 20.0 kg.

STORAGE CONDITIONS

Store in a dry and cool place (best at 4 °C, max. 20 °C).

Shelf life: 2 year.

ADM IS YOUR GLOBAL LEADER IN ANIMAL NUTRITION

We are dedicated to enabling sustainable growth. Growth that benefits our customers, the world's population and this planet on which we live. We are One ADM Team working across a unique vertically integrated portfolio, providing exceptional levels of customer service and experience as we work together to address the three main challenges that our customers face: health through nutrition, performance & quality, and sustainability.
